Rev. H. Patrick Pollard, Senior Minister

September 18<sup>th</sup> 2005

To whom it may concern,

Inviting Tama Kieves was one of the better things I have done in the last few years of my ministry

Tama is a skilled and inspiring speaker who gets the response every minister would love to have from the congregation when a visiting speaker is taking his/her place on the platform. Her workshop later that same day was well attended and very well received by all

Tama Kieves took the time to walk into our sanctuary the Saturday before so that she could begin to feel and sense the tone and essence of our Community. This was for me a delightfully different and caring gesture on the part of a guest speaker, it showed me that she cared.

I am proud to say that I would have her back anytime and would be worry free to have her as a guest speaker in my absence in the future.

She has my sincerest recommendation to be the perfect speaker for you.

Very Truly,

Reverend. H. Patrick Pollard, RSc.F.  
Sr. Minister
